**9:00 a.m. to 4:00 p.m.**

**To be held virtually via Zoom**

(Registrants will receive access information via email on 9/19/22)

<b>9:00 – 9:15</b>	<p><b>Welcome and housekeeping</b></p> <p><i>DHS and White Pine Consulting Staff</i></p>
<b>9:15 – 12:00</b>	<p><b>A Team Approach to First Episode Psychosis</b></p> <p><i>Steven Dykstra, Ph.D.</i></p> <p>Dr. Dykstra will describe a model for the identification and treatment of first episode psychosis as well as syndromes which present an increased risk of the development of psychosis. He will describe how that model has been implemented in Milwaukee County, as well as how it might be implemented in areas with lower populations and less access to specialized services.</p>
<b>12:00 – 1:00</b>	<b>Lunch Break</b>
<b>1:00 – 3:50</b>	<p><b>A Developmental Framework for Understanding and Supporting Youth</b></p> <p><i>Steven Dykstra, Ph.D.</i></p> <p>Dr. Dykstra will discuss what successful development looks like, the greatest threats to that development, and how to assist families whose youth face developmental challenges. He will describe how three essential factors – safety, language, and relationships, affect development. Understanding how these factors impact development leads to a clearer understanding of current efforts to support children and families and suggests ways to be more effective.</p>
<b>3:50 – 4:00</b>	<p><b>Closing Comments</b></p>
